

Dictionary Initiative

This resource was developed in Largy College, Clones, Co. Monaghan as part of the JCSP Dictionary Initiative.

It was developed as an aid to help 3rd Year students become familiar with vocabulary used in Junior Certificate Examinations.

12.: _____

Describe

English Keywords - Anagrams

Unscramble the words below:

1. ceiedvnE _____
2. Oinniop _____
3. xpEanli _____
4. hPrpaagar _____
5. SIngao _____
6. ogLo _____
7. Eactxrt _____
8. Epxelma _____
9. aRones _____
10. Deeisbrc _____
11. enSec _____
12. eEvtv _____
13. enomemRcd _____
14. reRef _____
15. Acndigcor _____
16. igDesn _____

Dictionary Work – Part One

Write out what you think the definition of each word is.

Evidence

Opinion

Explain

Paragraph

Slogan

Logo

Extract

Reason

Describe

Scene

Event

Dictionary Work – Part Two

Look up the following words and write the definitions you find

Evidence _____

Opinion _____

Explain _____

Paragraph _____

Slogan _____

Logo _____

Extract _____

Reason _____

Describe _____

Scene _____

Event _____

Definition Match

Write the correct definition from the list below, beside the words given on the next page

- The attitude someone has towards something, especially about how good it is.
- To tell someone something in a way that helps them to understand it better.
- A short phrase that is used to advertise something.
- A short piece of writing that is taken from something such as a book or letter.
- A way of judging a situation, (your thoughts on that situation).
- A part of a play, film, book etc. In which events happen in the same place or period of time.
- To look at something or someone carefully.
- To look at a book, map, website or extract for information.
- Used for saying where information or ideas have come from.
- To decide how something will be made, or what it will look like

Definitions

Write the correct definition from the list on the previous page, beside the words given below

Science Match

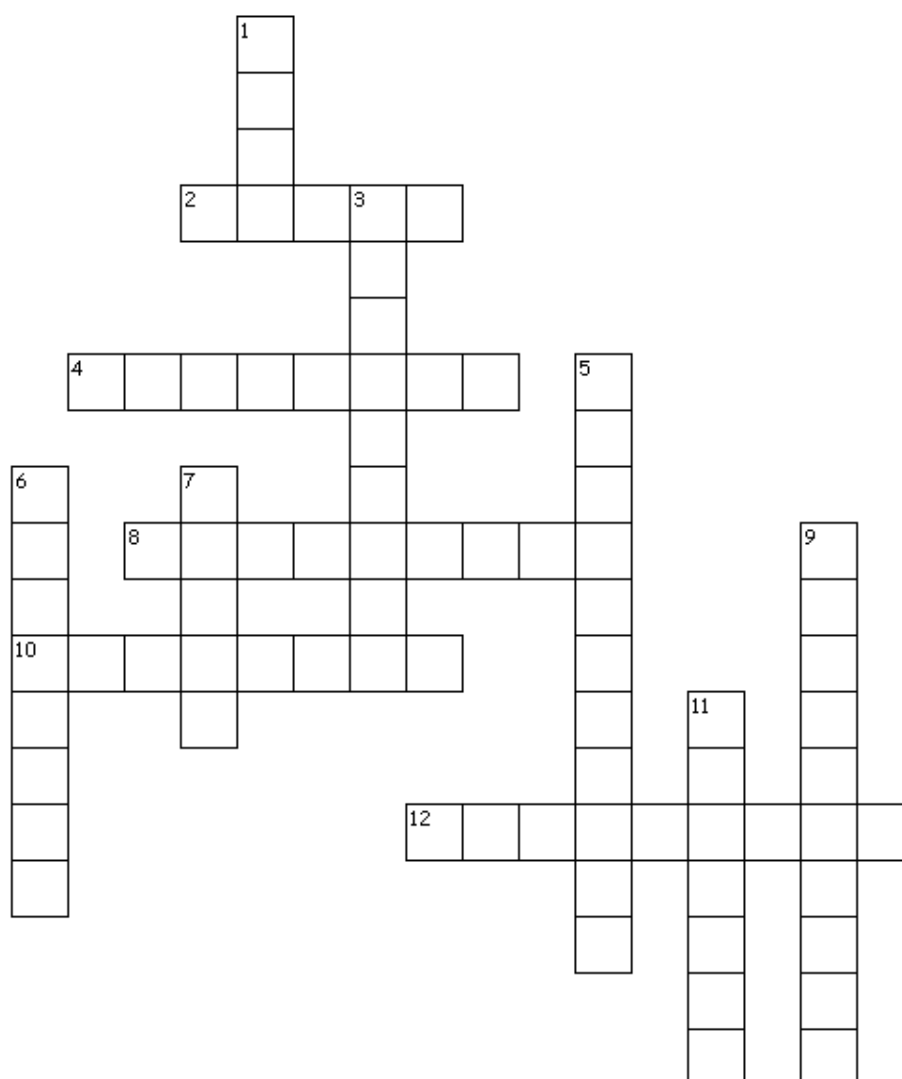

Match the words on the left with its definition on the right

The 1st one is already done for you

Procedure	Put names on a diagram
Conclusion	Labelled Drawing
Apparatus	What it does
Describe	What you found out
Data	How you carried out an experiment
Symbol	What you used for an experiment
Function	Explain, usually with the aid of a diagram
Diagram	Equipment used in an experiment
Label	Fill in the blanks
Complete	Information, usually figures, collected in an experiment
Equipment	Letters or picture that stands for something

Crossword

Across

2. Put names on a diagram
4. Explain, usually with the aid of a diagram
8. How you carried out an experiment
10. Fill in the blanks
12. Equipment used in an experiment

Down

1. Information, usually figures from experiments
3. Items used to carry out an experiment
5. Find out about
6. What it does
7. Plot points on a grid with x and y axes
9. What you found out from looking at the results of an experiment
11. Labelled drawing

Maths

Keywords

Alphabetical Order

Directions: Write the words on the right in alphabetic order on the lines on the left

Maths Match

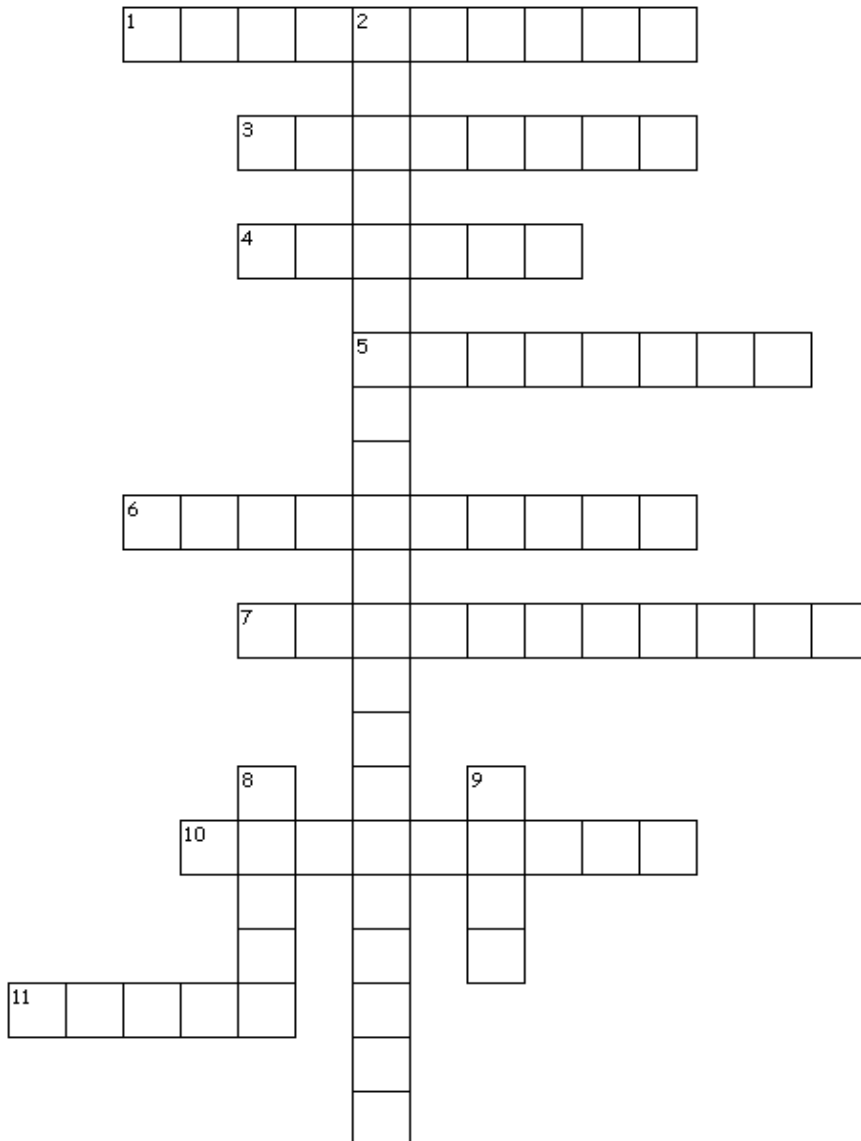

Match the words on the left with its definition on the right

The 1st one is already done for you

Find as a percentage	Clearly show x and y axes and plot points
Graph	Multiply by 100 over 1
Sketch	Everything in A and B
Estimate	Everything on a number line
Intersection	Use instruments to accurately draw a diagram
Union	Symbol $<$
Verify	The common elements in sets
Real Number	Use the last answer to find the next
Natural Number	To make an approximation
Less than	Prove that a statement is true
construct	Draw a rough diagram

CROSSWORD

Across

1. Every number on the number line
3. Positive and negative whole numbers
4. Prove a statement is true
5. The symbol $<$ means
6. To make an approximation
7. The symbol $>$ means
10. Accurately draw a diagram, using mathematical set
11. Use your last answer to answer the next question

Down

2. whole number starting at zero
8. Find the answer to the unknown letter
9. a rough diagram of something
